

## Cambridge (14 colours)

Cambridge is classic leather with a bright sheen two tone finish. It has a soft smooth handle and a naturally variable grain structure. The grain finish is highlighted by applying a slightly darker top coat to just the grain tips. This produces a naturally random mottling effect across the hide. This effect will fade and age slowly in time and with use. Please note small samples may not show all the shading, mottling, and grain variations of a full hide.

### SPECIFICATIONS

<b>Category:</b>	Semi Aniline
<b>Raw Material:</b>	European
<b>Country of Origin:</b>	Italy
<b>Average Hide Size:</b>	55 Square Feet
<b>Average Thickness:</b>	0.9 - 1.1 mm
