

## Hemmingway (20 colours)

A fantastic natural grain semi-aniline finished hide which has been slightly buffed and milled, ensuring a luxurious soft and supple feel to match the elegant muted colour palette. This beautifully soft and dreamlike leather is sure to be a favourite where colours are needed to enhance the design and not take over the look - superbly understated with an air of sophistication. This leather should always be considered alongside Shelly and Vele articles especially when a softer feel is required.
